William Bown
842 West 400 North
West Bountiful, UT 84087

Dear Mr. Bown:

RE: ML 46137--Building Stone/Limestone

Attached hereto in duplicate is a Building Stone/Limestone Lease, which has been granted to you on the above listed mineral application. By the rules of the Board of State Lands and Forestry, you are hereby given thirty (30) days from the date of this letter in which to execute and return the enclosed lease in duplicate. Failure to return the lease within the period allowed will subject the lease to cancellation.

Upon receipt of the documents properly signed, the Division of State Lands and Forestry will execute the lease and return one copy of the lease for your files.

Below, you will find the name and address of parties holding an interest, through the division, in the lands covered by your lease. These parties may have improvements of various types on the lands included in your lease. Before entering onto the leased lands, you are required to contact such parties, holding an interest in these lands, to settle any problems of access to the leased lands. If you cannot reach an agreement, contact this office, and we will act according to our rules to enable you to operate under your lease.

You should also be aware of requirements in the lease that you obtain an approved plan of operations and adequate bonding prior to commencing any mineral exploration or mining activities on lands contained therein.

If you have any questions concerning your lease, please feel free to contact this office.

Yours very truly,

JERRY W. MANSFIELD
MINERAL RESOURCES SPECIALIST --
